

Tricent is now BetterCloud File Governance

 Last updated on March 11, 2025 at 8:23 AM

Dear Customer

As you may know, Tricent was recently acquired by BetterCloud. Today, we share another exciting update with you. **Tricent is now BetterCloud File Governance.** This is an exciting milestone as being part of the BetterCloud platform allows us to offer you a more comprehensive and robust SaaS management platform.

You'll now access the same powerful file-sharing governance platform at the new url: **fg.bettercloud.com**. Please update your bookmarks and saved links accordingly. You can continue to use your existing Tricent login details on fg.bettercloud.com.

Please note, the Tricent website will be retired on March 4, 2025. BetterCloud File Governance information and resources will be available on bettercloud.com and File Governance support resources can be found [here](#).

I will continue to be your primary point of contact and look forward to continuing to serve you. On behalf of BetterCloud, I am excited to officially welcome you to the BetterCloud community.

Thanks,

Michael Birch
Customer Success Director, EMEA
BetterCloud
